

Excellence Scholarships

2025 calls for applications

As part of the Graduate + project, the Graduate Initiative “Energy and Industry of the Future” (GI EIF) is pleased to announce the launching of an **Excellence Scholarship** Campaign for Masters students who wish to attend one of the master’s degree program in Mechanical Engineering, part of the Graduate Initiative “Energy and Industry of the Future”.

Competitive funding for PhD scholarships will be available for the top 20% of the students in the program.

Scholarships amount

The amount of the scholarship is €1000 per month for 10 months, including an Internship in a research laboratory, **totaling €10 000 per year per recipient**. Furthermore, no registration fees are required for the selected candidates, as their master’s registration fees are covered by this graduate initiative program.

For whom ?

- **To be a foreign student**, newcomer to a French university and living outside of France at the time of the application (French dual citizenship allowed)

- Having obtained a 1st year of Master degree before 1 September 2025 in the field of Engineering or any fields related to the EIF Graduate Initiative.

Eligibility criteria

- Excellence of the academic background
- Internship experiences and technical skills in research
- A coherent professional project

When ?

- Submissions open: November 6th, 2024
- **Deadline for applications: January 31st 2025**
- notifications on the week of March 3rd, 2025, for a start date of the program early September 2025.
